

## SEMINAR PROGRAM 2008

- 12.30 Registration
- 13.00 Welcome & Opening
- 13.10 **AVL FuelExact:**  
New Fuel Consumption Measuring System for transient fuel consumption optimization and extended range of application.
- 13.50 **Particle Measurement for legislation and R&D**  
AVL solutions for Euro 5, 6 and beyond with alternative measurement technologies. Application of the AVL Particle Counter for certification as well as for R&D.
- 14.30 Coffee
- 14.45 News From AVL
- 15.15 **AVL KMA Mobile News**  
Product Update of the AVL KMA Mobile, the high precision measurement system for in vehicle fuel consumption measurements
- 15.55 **New AVL Interface technology**  
Based on web technology AVL instruments can be integrated with Remote Service Interface RSI.
- 16.25 **Powertrain Engineering**  
Update of the latest trends in Powertrain development
- 17.15 Austrian Buffet
