

How to Request a License Key

The information which is required to generate a license key can be obtained from the **AST Launcher**.

1. Open the **AST Launcher | Software Administration** tool.

Alternatively **Software Administration** can be started directly by executing the command *software_admin[.exe]* from the *<InstallationPath>/bin* folder.

2. Click on the **Product Licensing** tab and then click on **Request** to access the following form.

The screenshot shows the 'Software Administration' application window. The 'Product Licensing' tab is selected and highlighted with a red circle. In the left-hand navigation pane, the 'Request' option is also highlighted with a red circle. The main content area displays a 'Licensing Request' form with the following text:
