First Announcement

8th AVL Large Engines TechDays

ELECTRIFICATION, NEW FUELS AND POWER SOURCES: BOOM OR DOOM FOR LARGE ENGINES?

April 11th - 12th, 2018, Helmut-List-Halle, Graz, Austria

PROGRAM PREVIEW

A new chapter of engine efficiency has just been started in the large engine industry while global and local emission regulations still push the limits of traditional engine development including exhaust gas aftertreatment.

Customers require robust solutions with a maximum fuel flexibility. Especially for marine and mobile applications, the challenge will be to intelligently integrate the combustion engines into complex systems side by side with batteries, fuel cells and other power sources. Being successful in the long run means to adjust to all new challenges and to provide integrated, tailored solutions for every specific customer application.

AVL's 8th Large Engines TechDays are therefore dedicated to the numerous aspects of challenges of electrification and hybridization, new fuels and competitive power sources. The 2018 conference will be a platform to hear from OEMs, operators and suppliers about their plans for success in the future.

Main Topics for the Technical Sessions

Engine Technology

- Next level fuel efficiency & ultra-low emissions
- Alternative fuels & fuel flexibility
- Aftertreatment strategies & technologies

Complimentary Technologies

- Potential of electrification and hybridization
- Battery & Fuel Cell technology
- System integration and system optimization

Applications

- Marine
- Power Generation
- Mining, Oil & Gas
- Rail

Conference Office: AVL List GmbH, Hans-List-Platz 1, 8020 Graz, Tel.: +43 (316) 787-927, event@avl.com

Conference Venue: Helmut-List-Halle, Waagner-Biro-Straße 98a, 8020 Graz. Shuttle bus service to conference hotels.

Date: Wednesday, April 11th and Thursday, April 12th, 2018

Conference Fee: General admission: € 1,290.- plus 20 % VAT
 Students: € 120 plus 20 % VAT
 Free of charge for members of the press.
 Fees include proceedings, 2 lunches and snacks, evening events.

Early Booking Fee: € 1,096.- (15 % discount) for registrations until January 18th, 2018.

Conference Language: English

Subject to modifications.

Detailed Program: Following in January 2018

Evening Program:

Tuesday, April 10th, 19:00 Welcome Reception at Skybar Graz
 Wednesday, April 11th, 19:30 Social Evening at the Stefanien-saal/Congress Graz

AVL Headquarters Visit: Tuesday, April 10th, 16:00: Join us to see our facilities in the afternoon before the conference. Shuttle bus service to the Welcome Reception at Skybar Graz. (Registration is mandatory)

Hotel Reservation: Please see the reservation form attached or visit our webpage: avl.com/letd-2018

Arrival:

By plane: Graz Thalerhof
 by train: Graz Main Station
